CALL FOR PAPERS

International Workshop on Advanced Image Technology 2023 (IWAIT 2023) will be held on January 9-11, 2023 in Jeju, Korea. IWAIT 2023 will provide an international forum for researchers, engineers and students who are interested in the field of advanced image technologies.

The field of interest of IWAIT concerns all aspects of image, video, audio, multimedia, and information including capture, processing, recognition, classification, communication, networking, computing, system design, security, implementation and related technologies with applications to various scientific, engineering, health and social areas.

The IWAIT will be held together with the International Forums on Medical Imaging in Asia (IFMIA 2023 Jan 10-11) at the same venue.

TOPICS

IWAIT is going to cover advanced topics of image/video and multimedia technologies. Topics of interest include, but not limited to:

- 2D/3D Image/Video Processing
- Pattern Recognition
- Image/Video Compression
- Video on Demand
- Broadcasting
- Networked Multimedia
- Multimedia Systems
- Big Data Image/Video Analysis
- Multimedia Applications
- Computer Vision
- Virtual and Augmented Reality
- Animation
- Computer Graphics
- Cloud Multimedia Computing
- Social Multimedia
- AI and Machine Learning

PAPER SUBMISSION

Prospective authors are invited to submit an extended abstract (1 page in IEEE style) on their original paper. The camera-ready accepted paper is to be submitted electronically in the SPIE format (4 ~ 6 pages including figures and tables in English) according to the guidelines available at the workshop website at <http://iwait.online>.
